## A COMMUNITY CONVERSATION ON OPIOID USE DISORDER

ENDING STIGMA STARTS WITH A CONVERSATION

This is not an academic workshop about stigma. It is a **conversation** for participants to explore stigma, how we **support people** with substance use disorder (SUD) and their families, and how we **work together** in our communities to **reduce stigma**. We use video interviews of people with lived experience to facilitate discussion, making it very **interactive**.

### CCOUD SESSION
